

## Outland

Today Is The Day

Its time I made myself a plan  
with this fist stone heart in hand  
my blade my eye die empty man  
it's you it's you not me you see  
black crow false bird die fly in shame  
uphold the truth don't die in vain  
my sword your lord I score your dead  
bleed bleed bleed stop breathing  
goodbye don't cry my hatred  
inside it's time to fly nowhere  
it's time to live the truth or die  
outland
