Deaf Ears

Todd Rundgren

The world we made goes up in flames It's raining ashes
We reenact the hunger games
It's raining ashes...

Falling on deaf ears...

We pray to god our soul to keep From raining ashes And then we smother in our sleep Covered in ashes It's raining ashes

The dark is far as eyes can see It's raining ashes
We've reached the end of history
Here come the ashes
It's raining ashes...
Falling on deaf ears...
