

## Feel It

Todd Rundgren

I look at you and go mad  
With thoughts of things that I'd do  
If one chance I had to show you  
What this man really wants to do

When I'm through, you would say  
It's been done never that way  
And I know you can learn something new every day

And it feels so good  
If you don't think too much  
Don't even try to be serious  
Just let my hands take control  
And give me all of your soul

You know I tried  
To run away but I can't hide

From the moment that's suspended deep inside  
When you were mine  
Now I need to feel it  
One more time

Won't you try to feel it  
Let me try to feel it

Feels so good when you lean into me  
In the dark I can see  
I can feel in my mind what is reality  
Why can't you see  
Things like this are meant to be  
Yet somehow once again  
You have thrown me aside  
But always this feeling survives
