

Happenings Ten Years Time Ago

Todd Rundgren

Meeting people along my way
Seemingly I am among they
But in reality of things
What my dreaming always brings

Happenings ten years time ago
Situations we really know
But the knowing is in the mind
Sinking deep into the world of time

Looking in a room I see
Things that mean a lot to me
Why they do I never know
Memories don't strike me so

It seems to me I've been here before
Those sounds I heard and the sights I saw
Was it for real, was it in my dreams
I need to know what it all means
