

## Happenings Ten Years Time Ago

Todd Rundgren

Meeting people along my way  
Seemingly I am among they  
But in reality of things  
What my dreaming always brings

Happenings ten years time ago  
Situations we really know  
But the knowing is in the mind  
Sinking deep into the world of time

Looking in a room I see  
Things that mean a lot to me  
Why they do I never know  
Memories don't strike me so

It seems to me I've been here before  
Those sounds I heard and the sights I saw  
Was it for real, was it in my dreams  
I need to know what it all means
