

# Let's Do This

Todd Rundgren

Think it's high time to face it, everyone's thinking small  
But then after you taste it, don't you just want it all?

Who wants to do this? Yeah let's do this!  
Who wants to do this? Yeah let's do this!

I'm going far and wide  
Come along for the ride  
Because I'm gonna do this  
Yeah let's do this!

I could play you for suckers, just cause you want it less  
Maybe you're playing checkers, yeah and I'm playing chess

Who wants to do this? Yeah let's do this!  
Who wants to do this? Yeah let's do this!

I got my mad skills honed and I'm ready to roll  
Because I'm gonna do this  
Yeah let's do this!

Who wants to do this? Yeah let's do this!  
Who wants to do this? Yeah let's do this!

I'm going far and wide  
Come along for the ride  
Because I'm gonna do this  
Yeah let's do this!

(You're playing checkers, and I'm playing chess)...

Who wants to do this? Yeah let's do this!  
Who wants to do this? Yeah let's do this!

And I just won't stop til I'm over the top  
Because I'm gonna do this  
Yeah let's do this!

Who wants to do this? Yeah let's do this!  
Who wants to do this? Yeah let's do this!

I'm going far and wide  
Come along for the ride  
Because I'm gonna do this  
Yeah let's do this!
