

## One More Day (No Word)

Todd Rundgren

(One more day)  
They said we'd be home for Christmas  
But I'm still here today  
(One more day)  
I went to see the first lieutenant  
He said shut up and wait

(One more day, no word)  
(One more day, no word)

(One more day)  
We don't pick no more trees till the union okay  
(One more day)  
If they don't get a contract soon  
Then I don't think we can stay  
One more day (no word)  
One more day (no word)

All alone  
All my friends are gone  
Ears of stone, eyes gone blind  
Too little to do and too much time

I haven't seen my girl in a year last July  
She hasn't even written a letter but I try not to cry  
One more day (no word)  
One more day (no word)

All alone  
All my friends are gone  
Ears of stone, eyes gone blind  
Too little to do and too much time

One more day (no word)  
One more day (no word)  
Ooh, one more day (no word)  
Ooh, one more day (no word)
