

Soothe

Todd Rundgren

Life is hard enough
Even if you do find love
It can be so tough
Losing what you're dreaming of

When your lovers are untrue
And the whole world seems out to hurt you
Know that I would try everything I knew

Just to soothe you
I will soothe you
Maybe I can't make that dream come true
But I can soothe you

I know how it feels
Trying hard to keep things real
But it's so plain to see (oh, yeah)
You don't have a heart of steel

And anytime I hear you weep
Suddenly I can't eat, can't sleep
Not until I've done all that I can do

Just to soothe you
I will soothe you
Maybe I can't make gray skies turn blue
But I can soothe you

When your lovers are untrue
And the whole world seems out to hurt you
Know that I would try everything I knew

Just to soothe you
I will soothe you
Maybe I can't make that dream come true
But I can soothe you

I can soothe you
I will soothe you
Together we can make that dream come true
So let me soothe you
