

Tin Foil Hat

Todd Rundgren

He's coming down the escalator
With a girl from east of here
He wants to make the country greater
We've got nothing left to fear

Because the man in the tin foil hat
Is sitting on the throne tonight
It kinda feels like coup de tat
But it's gonna be great, tremendous, amazing and all that

'Cause the man in the tin foil hat
Is tweeting like a teenage girl
He puts the Pluto in plutocrat
It's gonna be a yuge yuge yuge new world

He hasn't got the time for losers
Unless they do as he commands
He's writing checks to his accusers
With those tiny little hands

Because the man in the tin foil hat
Is sitting on the throne tonight
It kinda feels like coup de tat
But it's gonna be a yuge yuge yuge new world

'Cause the man in the tin foil hat
Is gonna drain the swamp tonight
And fill it with up with alternative facts
It's gonna be great, tremendous, amazing and all that

'Cause the man in the tin foil hat
Is tweeting like a teenage girl
He puts the Pluto in plutocrat
It's gonna be a yuge yuge yuge new world

Because the man in the tin foil hat
Is sitting on the throne tonight
It kinda feels like coup de tat
It's gonna be great, tremendous, amazing and all that
