

Big Finish

Todd Snider

Take your time, tell me slow
Should I stay?
And we both know you thought you knew
What I was just about to say
But you didn't know, and you always think you do
I'll tell ya, I been looking back over my shoulder
It's not you that I've got to blame
If I could do this all over, I wouldn't do nothing the same

It seemed like the right thing at the time
It seemed like the right thing at the time

I try to remember, it helps me forget
The older I get
The older I get the more I worry that the more I worry the older I get
And yet, I still worry
Ain't that about a son of a bitch, I tell ya
Some people can't take no for an answer
Some people can't even take yes for an answer
I can't say for sure how I end up here but if I had to guess, I guess...

It seemed like the right thing at the time
It seemed like the right thing at the time
Tryin' to find some kinda way to cope
You've got to admit it ain't the despair that gets you
It's the hope
When I found myself with in Bozaga with these car keys
I just naturally assumed that I could drive

It seemed like the right thing at the time
It seemed like the right thing at the time
