

# It All Adds Up

Todd Snider

Division is confusion  
It can drive you up a wall  
Like any good illusion  
It ain't anything at all

One was always fine before  
We figured out how to get one more  
Now it's another and another  
Still we ain't got nothing at all  
Let me tell you somethin'

Every thing is one thing, honey  
Every thing's been done  
There ain't nothin' new under the sun  
It adds up to one, it all adds up

The lines we draw between things  
But there's a wall around my heart  
Talk to climb the big things  
And still I don't know where to start

Fallen angel? s making plans  
Breaking deals and shaking hands  
Build it up and you hope that it stands  
Out further and further apart  
Let me tell you somethin'

Every thing is one thing, honey  
Every thing's been done  
There ain't nothin' new under the sun  
It adds up to one, it all adds up

It all adds up, it all adds up  
It all adds up, it all adds up

Every thing is one thing, honey  
Every thing's been done  
There ain't nothin' new under the sun  
It adds up to one, it all adds

Every thing is one thing, honey  
Every thing's been done  
There ain't nothin' new under the sun  
It adds up to one, it all adds up

It all adds up, it all adds up  
It all adds up, it all adds up  
It all adds up, it all adds up  
It all adds up, it all adds up  
It all adds up, it all adds up
