

# Noise

Tokio Hotel

Come on

There are days when you feel so small  
And you know you could be so tall  
You think you got no chance

Look at the end, look what we do  
Here and now we need you  
Silence can destroy  
Get up and raise your voice

Make some noise  
Here and now, noise  
To the world, noise  
All the things you believe in, noise

Let them hear you, noise  
Let them feel you, noise  
Make them know  
That you can make noise, noise

You are free, you are innocent  
You believe in a happy end  
Days turn into years

Now your here with your broken mind  
While your dreams are sleeping quiet  
Silence can destroy  
Get up and raise your voice

Make some noise  
Here and now, noise  
To the world, noise  
All the things you believe in, noise

Let them hear you, noise  
Let them feel you, noise  
Make them know  
That you can make noise, noise

Can you feel it? Can you feel it?  
Can you feel it? Can you feel it?  
Come on, come on

As everything you've ever been  
Why don't we share? Come take me there

Whoa, whoa, noise  
Whoa, whoa, noise  
Whoa, whoa, noise  
Whoa, whoa  
You can make them feel  
That they care, noise

Whoa, whoa, noise  
Whoa, whoa, noise  
Whoa, whoa

You can make them feel  
That they care, noise

Whoa, whoa, noise  
Whoa, whoa, noise
