## **Noise**

## **Tokio Hotel**

Come on

There are days when you feel so small And you know you could be so tall You think you got no chance

Look at the end, look what we do Here and now we need you Silence can destroy Get up and raise your voice

Make some noise
Here and now, noise
To the world, noise
All the things you believe in, noise

Let them hear you, noise Let them feel you, noise Make them know That you can make noise, noise

You are free, you are innocent You believe in a happy end Days turn into years

Now your here with your broken mind While your dreams are sleeping quiet Silence can destroy
Get up and raise your voice

Make some noise Here and now, noise To the world, noise All the things you believe in, noise

Let them hear you, noise Let them feel you, noise Make them know That you can make noise, noise

Can you feel it? Can you feel it? Can you feel it? Can you feel it? Come on, come on

As everything you've ever been Why don't we share? Come take me there

Whoa, whoa, noise Whoa, whoa, noise Whoa, whoa, noise Whoa, whoa You can make them feel That they care, noise

Whoa, whoa, noise Whoa, whoa, noise Whoa, whoa You can make them feel That they care, noise

Whoa, whoa, noise Whoa, whoa, noise
