

Something New

Tokio Hotel

Midnight in my city
All these lights they call my name
My world isn't pretty
I've seen the best of it
I got the best of you

Pick me up, pick me up
Pick me up, pick me up
Help me back on my feet
Pick me up, pick me up
Pick me up, pick me up
It feels like I can't see

Something new
Do you feel that too?
I'm looking for something new
I don't know what I'm looking for
But I'm looking for something
For something
For something

I felt everything
I'm ever gonna feel
Don't know where I've been
All there streets looks wrong
Don't know where I belong

Pick me up, pick me up
Pick me up, pick me up
Help me back on my feet
Pick me up, pick me up
Pick me up, pick me up
It feels like I can't see

Something new
Do you feel that too?
I'm looking for something new
I don't know what I'm looking for
But I'm looking for something
For something
For something

I'm looking for something
But I'm looking for something
Something new
Do you feel that too?
I'm looking for something
But I'm looking for something
Something new
Do you feel that too?
But I'm looking for something
For something
For something I've never knew
