

# Rock Me To The Limit

Tokyo Blade

[Boulton/Marsh/Wiggins]

Put on your dancing shoes  
Let me see those baby blues  
I bet your mama never rocked like this  
She still thinks its illegal to kiss

Rock city, it's not out of fashion  
It's burning strong like a voodoo passion  
You hear the music on the radio  
Rock steady, ready to roll

[Bridge]

Role reversal in a guitar dream  
A Northern girl she's fine by me  
A cigarette that never burns away  
Rock & roll is here to stay

[Chorus]

Rock me  
Rock me to the limit  
Rock me  
Rock me to the limit

Anyway, beg, steal or borrow  
Keep on rocking like there's no tomorrow  
The music's loud, sleeping dogs don't lie  
The jukebox juice is running high

We're all living in a teenage dream  
My baby's rocking like you've never seen  
The sweet sensation of a midnight cruise  
Like rock and roll you can never lose

[Bridge]

[Chorus]

Put on your dancing shoes  
Let me see those baby blues  
I want to see you dance  
Oh, rock me

[Solo]

[Chorus]
