

gone to the coast  
gone to the coast where I let my hair down  
(down)  
out on the beach  
out on the beach where I let my ship sail  
(sail)

gone to the coast  
gone to the coast where I let my hair down  
(ooh)  
out on the beach  
out on the beach where I let my ship sail  
(ooh)

'cause I don't know what I want  
I don't know what to think with both the curtains drawn  
and I don't know about you  
tell me something that I'm supposed to do

runners don't run to me, runners don't say the same old things  
racers don't bother me, racers don't say the same old things  
but you always do

gone to the coast  
gone to the coast where I let my hair down  
(down)  
out on the beach  
out on the beach where I let my ship sail  
(sail)

gone to the coast  
gone to the coast where I let my hair down

out on the beach  
out on the beach where I let my ship sail  
(sail)

'cause I don't know what I want  
I don't know what to think with both the curtains drawn  
and I don't know about you  
tell me something that I'm supposed to do
