

# Drive My Car

Tom Beck

I was taking a shot at the bar when I saw you dancing  
And the way you moved your hips made me lose my mind,  
So I threw you a line, you were hooked and your pupils dilated  
I said: ''Pull up a chair!''- you were there, eating outta my hand.

I'll never ever felt so cool before,  
With a look of James Dean and a lions roar  
I said: Baby, if you drive my car  
I'm gonna take you home'  
(Baby, take me)  
You've been looking for somebody like me  
And now I turn you on.  
(You turn me on)  
Baby, if you drive my car  
I'm gonna take you home  
(Baby, take me)  
You know it's too damn hard to ever be alone.

She said ponder about what he's drinking,  
You know what I'm thinking.  
And so I whispered with a smile:  
''I think we need more ice!''  
She sent a secret sign of love in my direction  
I was the man of the men tonight.  
Come on, let's getting' on

I'll never ever felt so cool before,  
With a look of James Dean and a lions roar  
I said:  
Baby, if you drive my car  
I'm gonna take you home  
(Baby, take me)  
You've been looking for somebody like me  
And now I turn you on.  
(You turn me on)

Baby, if you drive my car  
I'm gonna take you home  
(Baby, take me)  
You've been looking for somebody like me  
And now I turn you on  
Uhh yeah YEAH!  
(UhUh)  
Lady! Uh yeah, ohh!

Baby, if you drive my car I'm gonna take you home  
Baby, take me)  
You've been looking for somebody like me  
And now I turn you on  
(You turn me on)  
Baby, if you drive my car  
I'm gonna take you home  
(Baby, take me)  
You've been looking for somebody like me  
And now I turn you on

Baby, if you drive my car  
I'm gonna take you home  
(Baby, take me)

You've been looking for somebody like me,  
You've been looking for somebody like me  
And now I turn you on
