

This time

Tom Beck

Close my eyes
Halfway lines
Just won't do
Seasons change
This time I'm gonna see it through
People change
This time I'm gonna find the truth

Trade my badge
For worn out jeans
Trade my gun
For six strings
A part of me will always stay with you
Highway kings
You know
Everything I know I learned from you

This time
Oh I'm stronger inside
I got to let myself go
Into the bright lights.

This time
In my eyes
You'll find
We're alright
We gotta let ourselves go
Into the bright lights

Close the door
Let it all go
No regrets
Cause now I choose
This time I fly away with you
Now I choose
This time I'm gonna stay with you
