

## This time

Tom Beck

Close my eyes  
Halfway lines  
Just won't do  
Seasons change  
This time I'm gonna see it through  
People change  
This time I'm gonna find the truth

Trade my badge  
For worn out jeans  
Trade my gun  
For six strings  
A part of me will always stay with you  
Highway kings  
You know  
Everything I know I learned from you

This time  
Oh I'm stronger inside  
I got to let myself go  
Into the bright lights.

This time  
In my eyes  
You'll find  
We're alright  
We gotta let ourselves go  
Into the bright lights

Close the door  
Let it all go  
No regrets  
Cause now I choose  
This time I fly away with you  
Now I choose  
This time I'm gonna stay with you
