

A Prayer for Hope

Tom Cochrane

Margaret sits by the hill
And stares at her children
Wonders what they'll do
When she's gone
Will hope also go
Heaven only knows
A song for Margaret
A prayer for hope

Asante Asante Sana
Under the hot African sun
Out on the Savannah
We don't know what to say to her
Don't know so we'll pray
A song for Margaret
A prayer for hope

Mercy mercy we need more like you
Mercy your light shines in dark corners
More just like you with nothing we couldn't do
A song for Margaret
A prayer for hope
A prayer for hope

Asante Asante Sana
Holy ghost Josanna
We don't know what to say to her
Don't know so we'll pray
A song for Margaret
A prayer for hope
A prayer for hope

Mercy mercy we need more like you
Mercy your light shines in dark corners
More just like you with nothing we couldn't do
A song for Margaret
A prayer for hope

Mercy mercy we need more like you
Mercy mercy your light shines in dark corners
More just like you with nothing we couldn't do
A song for Margaret
A prayer for hope
A song for Margaret
A prayer for hope
