

# Out of My Head

Tom Cochrane

I can almost see your face  
I can almost touch your skin  
We'd all fall down from grace  
If I'd of let you in  
I can't hide  
I can't hide

Out of my head, out of my heart  
Out of my sight and out of my mind  
As I take that one big leap  
Honey this is where it gets  
Oh I'm out of my head  
You're gone  
On what planet you on

These days'll turn to years  
And the chances disappear  
If you wait for something  
Always better yet  
Wave our hands on high  
As the ship sails by

Out of my head, out of my heart  
Out of my sight and out of my might  
As I take that one big leap  
Honey this is where it gets  
Oh I'm out of my head

Oh Irish take me in  
Fools gold is never what it seems  
Kathleene take me home  
This place is where I've always been

Out of my head, out of my heart  
Out of my sight and out of my might  
As I take that one big leap  
Honey this is where it gets  
Oh I'm out of my head  
You're gone
