

# Since You Left Me

Tom Cochrane

Since you left me it's gotten so cold  
The world's frozen in like it's brought and sold  
The days turn to night and that's all I know  
Since you left me here

Since you left me my car won't run  
The sky's turned black and eclipsed the sun  
I try to laugh but this ain't no fun  
Since you left me here

Since you left me  
It's like I'm goin' insane  
My mood is heavy  
Like a ball and chain  
Sky is dark like it's always rain  
Since you left me  
Since you left me here

Since you left me it's no big deal  
I can play the game but  
I lost my feel  
Things come undone just like it's unreal  
Since you left me here

Sing about it like San Antone  
The Alamo and all I own  
Everything's gone South  
And that is what I know  
Since you left me here

Since you left me  
It's like I'm goin' insane  
My mood is heavy  
Like a ball and chain  
Sky is dark like it's always rain  
Since you left me  
Since you left me here  
Since you left me here

Since you left me it's the end of days  
I go to move but I'm lost in a maze  
The sun is up high but it's lost haze  
Since you left me  
Since you left me here

Since you left me it's the end of days  
I go to move but I'm lost in a maze  
The sun is up high but it's lost haze  
Since you left me  
Since you left me left me here

Since you left me there's a hole in space  
I go to go but I stay in one place  
I look in the mirror but I've lost my own face  
Since you left since you left me here

Since you left me the world's gone mad

The seas dried up and it makes me sad  
Everything's good has turned too bad  
Since you left me here
