

Drive Me To Paris

Tom Dice

I saw her in the news today
She was looking confused, a little afraid
And it's a real big city for a fragile girl
It's a real big city in a big, bad world
And we all make mistakes; oh I can't watch her fate

So drive me to Paris, can you take me right away?
Drive me to Paris, I'm hope I'm too late
'Cause there's a heart that's pretty lost and I can't let her d
own
So drive me to Paris

I should've seen the warning signs
Wrong place, wrong guy every night
It's such a scary place for a troubled mind
It's a scary place when you're almost blind
And we all make mistakes; no I can't watch her fate

So drive me to Paris, can you take me right away?
Drive me to Paris, I'm hope I'm too late
'Cause there's a heart that's pretty lost and I can't let her d
own
So drive me to Paris

I need to find her, need to help her stay
I need to find her, need to help her stay
Help her stay

And we all make mistakes; no I can't watch her fate

So drive me to Paris, can you take me right away?
Drive me to Paris, I'm hope I'm too late
'Cause there's a heart that's pretty lost and I can't let her d
own

Oh, drive me to Paris
Oh, drive me to Paris
Drive me to Paris, drive me to Paris, drive me to Paris
So drive me to... so drive me to... so drive...
