

# Never Gonna Stop

Tom Dice

Ooh... ooh...

Ooh... ooh...

We spent our time in a bubble, we're working late  
We're on the run, we stay awake  
Excuse me I don't have a minute to carry extra weight  
It's not that I never, ever worry  
I just sing songs about the world that needs to change

Ooh... ooh...

It's never gonna stop, we are on a highway  
A throne for love  
It's never gonna stop

Don't be afraid, don't hesitate  
We can only live day by day

Ooh... ooh...

And it's never gonna stop, we are on a highway  
A throne for love, oh  
It's never gonna stop, we are on a highway  
A throne for love, it's never gonna stop

I'm looking at a world gone mad  
I just sing songs, I don't know another way  
It just makes feel happier today

Ooh... ooh...

It's never gonna stop, we are on a highway  
A throne for love, no  
It's never gonna stop, we are on a highway  
A throne for love
