

# Out At Sea

Tom Dice

It's not a perfect start,  
Let's get used to this  
Avoid a broken heart  
We'll be spending time  
Apart...

I would stay for you but I have this dream,  
And it's wrong enough for me to leave

Will you wait for me well I'm out at sea  
Will you wait  
Will you wait  
I can promise you that my destiny  
Holds your name  
Holds your name

Every song I play  
You are right here with me  
In every word I say  
Still you're calling me  
Mr. Runaway

I would have stayed for you but I have this dream  
And it's strong enough for me to be here

Will you wait for me well I'm out at sea  
Will you wait  
Will you wait  
I can promise you that my destiny  
Holds your name  
Holds your name

Soon,  
Soon I'll be home  
Back from the unknown

Will you wait for me well I'm out at sea  
Will you wait  
Will you wait  
I can promise you that my destiny  
Holds your name  
Holds your name

Will you wait for me well I'm out at sea  
Will you wait  
Will you wait  
I can promise you that my destiny  
Holds your name  
Holds your name

Will you wait for me well I'm out at sea  
Will you wait  
Will you wait  
I can promise you that my destiny  
Holds your name  
Holds your name

Will you wait for me well I'm out at sea  
Will you wait  
Will you wait  
I can promise you that my destiny  
Holds your name  
Holds your name
