

Wonderful

Tom Dice

The say the one you love is the one you hurt the most
Well if that's the case I should've let you go
But I'll always fight for you

And any time I make mistakes and any time the levee breaks
It stops me getting back to you
I know I'll be okay

With every wrong turn I'll ever take
You will be there change my ways
That's why I won't fall, why I will never lose it all
That's why you're wonderful
That's why you're wonderful

Ghosts of the past are haunting me
Showing me things that I don't wanna see
But any time I make mistakes and any time I lose my faith
It stops me getting back to you
I know I'll be okay

With every wrong turn I'll ever take
You will be there change my ways
That's why I won't fall, why I will never lose it all
That's why you're wonderful

With every wrong turn I'll ever take
You will be there change my ways
That's why I won't fall, why I will never lose it all

With every wrong turn I'll ever take
You will be there change my ways
That's why I won't fall, why I will never lose it all
That's why you're wonderful
