

Julia And I

Tom Helsen

You and I, we never had
All the luck that you once had girl, always

You and I, we never tried
To do the things that always seemed right, always

The phone rings, the day begins
And I won't mind
I don't want another night after night
I'll stay as long as you got a wanting eye
But I won't ever let a good thing die
Julia and I

We're taking the long way home
You and I, we better go
And lose control
No access, always

And any day, the tide will change
The book will close
And we'll keep it straight
Always

I'll keep undressing you now and
The isle is never cold, it's the first thing I've been told
