

# I've Got A Heart

Tom Jones

I've got a heart, that really needs somebody  
Someone comes along, I take this heart of mine  
I'll give it free

And with this heart, that really needs somebody  
I love that girl a lot, I'll give it all I've got  
And I'll be true

I've got it in my mind to keep her  
I've got it in my mind to hold her tight oh yeah, yeah yeah

And when I do, everything's gonna be alright  
Gonna hold her close tonight  
I've got a heart

I've got a heart that really needs somebody  
Wont you come along, and take this heart of mine  
I'll give it free

Ooh now wont you come along, and take this heart of mine  
I'll give it free

I've got it in my mind to keep her  
I've got it in my mind to hold her tight oh yeah, yeah yeah

Ooh and when I do, everything's gonna be alright  
Gonna hold her close tonight  
I've got a heart

Oh I've got a heart that really needs somebody  
Ooh now, now wont you come along, and take this heart of mine  
I'll give it free

I said I said now, now wont you come along  
And take this heart of mine, I'll give it free  
Oh give it free, ee, ee, I'll give it free  
I'll give it free now baby baby, I'll give it free
