If I Only Knew

Tom Jones

Ow!! Yeah Yeah Home grown, on the bone All the channels show the same old war zone As I walk alone in the city Makin' me an offer, now don't they look pretty New cinema Live action, all the noise of attraction beats up On the streets, the sellers do mark up Better than tellin' 'em off, don't stock up Shark, they don't bite All that matters is you're not here tonight And now that I wonder Am I gonna dig a hole ten feet under Under sea, under you, under we, undivided, Undecided If I only knew What I could do To make you, make you love me to make you make you love me If I only knew What I could do To make you make you love me to make you make you love me Up north where the snow grows colder I travel onward 'cross the border Looked up a girl that I once knew frozen To be the follower of the deity Make myself scarce while they come to plea bargain for my body and soul All the flames go around, surround me I won't go I need the ozone I want to cuddle up behind your backbone I never stay long where I'm not wanted I fell haunted Yo brother Where ya gonna go Back to the war zone To break down the walls If I only knew What I could do To make you, make you love me to make you make you love me If I only knew What I could do To make you make you love me to make you make you love me Up north where the snow grows colder I travel onward 'cross the border

If I only knew What I could do To make you, make you love me to make you make you love me If I only knew What I could do To make you make you love me to make you make you love me If I only knew What I could do To make you, make you happy to make you make you happy If only I knew what i should do, yeah To make you make you love me I bared my soul to the golden traces went to the forest of the holy places And now I wonder Am I gonna dig a hole ten feet under Under sea, under me, under you, under we, undivided, Undecided Yeah ... yeah (vocal breakdown) If I only knew What I could do To make you happy to make you make you happy If I only knew What I should do To make you make you happy to make you make you happy If I only knew What I could do To make you, make you love me to make you make you love me If I only knew What I should do To make you make you love me If I only knew what I should do If I only knew what I should do
