Ow!!  
Yeah ...  
Yeah  
Home grown, on the bone  
All the channels show the  
same old war zone  
As I walk alone in the city  
Makin' me an offer, now  
don't they look pretty  
New cinema  
Live action, all the  
noise of attraction  
beats up  
On the streets, the  
sellers do mark up  
Better than tellin' em  
off, don't stock up  
Shark, they don't bite  
All that matters is  
you're not here tonight  
And now that I wonder  
Am I gonna dig a hole  
ten feet under  
Under sea, under you,  
under we, undivided,  
Undecided

If I only knew  
What I could do  
To make you, make you love me  
to make you make you love me  
If I only knew  
What I could do  
To make you make you love me  
to make you make you love me  
Up north where the  
snow grows colder  
I travel onward 'cross the border

Looked up a girl that I  
once knew frozen  
I found that I was chosen  
To be the follower of the deity  
Make myself scarce while they  
come to plea bargain  
for my body and soul  
All the flames go  
around, surround me  
I won't go

I need the ozone  
I wanna cuddle up  
behind your backbone  
I never stay long  
where I'm not wanted  
I fell haunted  
Yo brother

Where ya gonna go  
Back to the warzone  
To break down the walls

If I only knew  
What I could do  
To make you, make you love me  
to make you make you love me  
If I only knew  
What I could do  
To make you make you love me  
to make you make you love me  
If I only knew  
What I could do  
To make you, make you happy  
to make you make you happy

If only I knew what I  
should do, yeah  
To make you make you love me  
I bared my soul to  
the golden traces  
went to the forest of  
the holy places  
And now I wonder  
Am I gonna dig a hole  
ten feet under  
Under sea, under me,  
under you, under we,  
undivided,  
Undecided  
Yeah ... yeah  
[vocal breakdown]  
If I only knew  
What I could do  
To make you happy  
to make you make you happy  
If I only knew  
What I should do  
To make you make you happy  
to make you make you happy  
If I only knew  
What I could do  
To make you, make you love me  
to make you make you love me  
If I only knew  
What I should do  
To make you make you love me  
If I only knew what I should do  
If I only knew what I should do
