

Killer On The Sheets

Tom Jones

When I left a dirty message on your answer machine
Left a call sign in the middle, so you'd know it was me
I got your number, from a rock and roll band
They said you'd turn this old boy into man

I'm drivin' the wheels on fire, headin' to your place
Ooh baby my guns for hire, no time to waste

Killer killer killer on the sheets, she's so pretty, got no pit
y
(She'll knock you off your feet)
Killer killer killer on the sheets, she's so fine, her legs div
ine
(Heaven don't come cheap)

Caught a strange reflection on your mirror in the sky
It was the cutest little tattoo on your thigh
I tried to read it, that dirty little rhyme
So I altered my position, it read, kiss your ass goodbye

I'm learnin' the perfect crime, a little every day
Emergency 999, there's no escape

Killer killer killer on the sheets, she's so naughty, loud and
bawdy
(The lady loves to tease)
Killer killer killer on the sheets, she's so wild, the devil's
child
(Beauty's just skin deep)

You got me, I'm in your sights, your sexual sacrifice

Killer killer killer on the sheets, she's so pretty, got no pit
y
(She'll knock you off your feet)
Killer killer killer on the sheets, she's so fine, the devil's
child
(Heaven don't come cheap)
She's so fine, the devil's child, knocks me off my feet

Killer killer killer on the sheets, killer killer killer on the
sheets
She's so naughty, loud and bawdy (she'll blow you off your feet
)
Killer killer killer on the sheets, she's so wild, she drives y
ou wild...
