

# One Day Soon

Tom Jones

Promise me  
You will wait for me

One day soon, I'll come back  
And I'll stay forever more  
Wait for me  
Say, you'll wait for me

One day soon, we'll wander  
Where we've never walked before  
Say to me  
You will wait for me

When the winter's through  
Once more, I looked into your eyes  
I will fly to you  
Upon the wings of butterflies

One day soon, I'll see you  
And I'll kiss away your tears  
Promise me  
You will wait for me

Say we'll and we'll see every dream come true  
Wait for me  
Wait and I will come back to you  
One day soon
