

## Set Me Free

Tom Jones

(I was have a dinner with couple look friend to mine  
nearest day  
and when we finish eating I walk outside to have a  
little fresh air and have a little smoke  
and then when I walk back inside I can see at his face  
that be a teler box was going on  
and I hear her say with the soft voice why don't you  
set me free)

If you think you've had enough  
if you think our life's been rough  
Why not take your love life all from me.. common and  
set me free  
If you think our love's all wrong  
If you feel the fire is gone  
If I'm not what you'd like for me to be... common and  
set me free

Gotta hear her say  
Set me free and let me fly like a bluebird fly in high  
Release the change goodbye you and me... common and set  
me free set me free

(As I stood there listen to them I said to myself I  
didn't know this is going on between at to them  
'cause they seem to be real happy and then I thought I  
hope it never happen to my love affair  
Because I don't think I can stand it to hear my baby  
said to me Set me free)

Set me free and let me fly like a blue bird fly in high  
Release the change goodbye you and me... common and set  
me free set me free  
Oh ow wo ho ho she said Release the change .....
