If you could see me here this way Looking backwards from today Would you do it all again

If I could roll it back to you
Just like lovers always do
I'm stoned in love but not with you

Good luck, cause we're not feeling stoned in love It's how I'm feeling now
I feel the love is made of stone
We're not feeling stoned in love

If we could wash the past away
Would we go our separate ways
I'll do it all again, as if I care

Is this the way it's meant to be Stoned in love but not with me You're stoned in love in love me

Good luck, cause we're not feeling stoned in love It's how I'm feeling now
I feel the love is made of stone
We're not feeling stoned in love

Stoned in love...
I'm stoned in love love but not with you

Good luck, cause we're not feeling stoned in love It's how I'm feeling now
I feel the love is made of stone
We're not feeling stoned in love

Stoned in love Stoned in love but not with you As if I care
