

This And That

Tom Jones

I tried to do a little bit of big time moving
I played the clubs and stayed out late at night
I tried to lose the memory of a lover
When someone said, 'Two wrongs don't make a right'

Well, I had too much of this and that
And this and that is no good
I said I had too much of this and that
And this and that is no good

I tried so hard to really get to understand you
You took advantage of me from the start, oh baby
But now it seems that you have found another
And just like me you're gonna end with a broken heart

Oh no, listen to me
'Cos I had too much of this and that
And this and that is no good
I said I had too much baby, of this and that
And this and that is no good

Call me if you're all alone and blue
Say you love me and I'll come running to you
And I will, you know I will do anything for you, oh

'Cos I had too much of this and that
And this and that is no good
Listen baby, I had too much honey, of this and that
And this and that is no good, no good

One time
I had too much of this and that
And this and that is no good, no good, no good
I said I had too much baby, of this and that
