

# This Is My Life

Tom Jones

mmm ... I have to tell u this

This is my life  
and you are to love it  
and you are the joy  
who I live for  
and this is my time  
can you're still mine  
I always understood that sometimes  
you have to be free  
to live and life and love again  
oh baby, my sweet baby  
let me tell you

loving you  
needing you  
keeping you  
treating you  
pleasing you  
and teaching you to love  
and expect the life you live  
and to live the life you love  
loving me  
treating me  
keeping me  
teasing me  
pleasing me  
close to you  
now is that really really really really what you want me to do

my heart, it beats for you  
this is my mind  
everything I think and do  
I do for you  
this is my love  
with you I share  
This is my soul  
take all you need  
for you I'll give my care  
This is my life  
what would I do  
if you leave me tomorrow  
at the home  
the things that I've been through with you

loving you  
needing you  
keeping you  
treating you  
pleasing you  
and teaching you to love  
and expect the life you live  
and to live the life you love  
loving me  
treating me  
keeping me  
teasing me

pleasing me  
close to you  
now is that really really really really what you want me to do

oh where would I go  
nowhere to stay  
cause you are my home  
and this is my life  
wait a minute girl  
please be my heart  
if you hurt me  
desert me  
you gonna tell my soul apart  
live the life you learn

loving me  
treating me  
keeping me  
teasing me  
pleasing me  
close to you  
now is that really really really really what you want me to do  
loving you  
needing you  
keeping you  
treating you  
pleasing you  
and teaching you to love  
and expect the life you live  
and to live the life you love

loving me  
treating me  
keeping me  
teasing me  
pleasing me  
close to you  
now is that really really really really what you want me to do  
what do you want me to do uuu  
listen to me baby  
this is my life  
this is my life
