See If I Care

Tom Odell

Pass me a smoke, flutter your eyes
Send me a text, send me it twice
Invite me around, beg me to stay
Put your hands on my hips, and push me away
Push me away

See if I care
See if I care
See if I care

Dress up all cute, bring me some wine
Tell me again, it's me that you like
And just when you know, you got me again
Go out on your own and sleep with my friend
Sleep with my friend

See if I care
See if I care
See if I care
See if I care
See if I care
See if I care
