

# Come and Play Catch With Me

Tom Paxton

Momma, Momma, Daddy's home  
Through with work, and he's come home  
Hey Daddy - come and play catch with me  
Hurry up, Daddy, and change your clothes  
Get your glove, 'cause everybody knows  
That you're my daddy and you play catch with me  
Come and play catch and throw the ball  
Throw the ball, throw the ball  
Come and play catch and throw the ball  
Come and play catch with me  
I've been waiting all day for you  
Waiting till your job at the office is through  
Hey, Daddy, come and play catch with me  
I've been practicing all day long  
Feel my muscle and see how strong  
Hey, Daddy, come and play catch with me  
Come and play catch and throw the ball  
Throw the ball, throw the ball  
Come and play catch and throw the ball  
Come and play catch with me  
I can throw it straight to you  
I can throw a curve ball, too  
Hey, Daddy, come and play catch with me  
When I'm as big as you some day  
You can come and see me play  
Hey, Daddy, come and play catch with me  
Come and play catch and throw the ball  
Throw the ball, throw the ball  
Come and play catch and throw the ball  
Come and play catch with me  
I wanna play like the big guys do  
Uniforms and umpires, too  
Hey, Daddy, come and play catch with me  
Big kids told me I'm too small  
Next year I'll be bigger 'n 'em all  
Hey, Daddy, come and play catch with me  
Come and play catch and throw the ball  
Throw the ball, throw the ball  
Come and play catch and throw the ball  
Come and play catch with me  
Daddy - come and play catch and throw the ball  
Throw the ball, throw the ball  
Come and play catch and throw the ball  
Come and play catch with me  
Come and play catch with me
