

# Hello Again

Tom Paxton

There you go again  
I know you'll be back  
But only you know when  
I'll be waiting  
Like I always do  
Hello, again - I love you  
There you go again  
Still unsure of why  
You need to go again  
Just come running  
If it gets to you  
Hello, again - I love you  
I'm just warnin' the whole wide world  
They'd better take care of you  
They'd better treat you right  
Or I'm gonna show them a thing or two  
Don't you turn a hair  
You can go anywhere  
There you go again  
Looking for a dream  
You need to know again  
Please believe me  
I hope your dream comes true  
Hello, again - I love you  
I'm just warnin' the whole wide world  
They'd better take care of you  
They'd better treat you right  
Or I'm gonna show them a thing or two  
Don't you turn a hair  
You can go anywhere  
An' there you go again  
Looking for some dream  
You need to know again  
Please believe me  
I hope your dream comes true  
Hello, again - I love you  
Oh please believe me  
Hope your dream comes true  
Hello, again - I love you  
There you go again
