

Packwood

Tom Paxton

When I asked Senator Packwood
How he planned to cast his vote
He grabbed me by the neck
And stuck his tongue down my throat
It's just his sensitive way
Of saying, "Do it my way"
Time to find another job
Bye, bye, Bob
He went to New York City
Had a lot of success
Saw the Statue of Liberty
Stuck his hand up her dress
It's just his sensitive way
Of saying, "Have a nice day"
Time to find another job
Bye, bye Bob
