

## Packwood

Tom Paxton

When I asked Senator Packwood  
How he planned to cast his vote  
He grabbed me by the neck  
And stuck his tongue down my throat  
It's just his sensitive way  
Of saying, "Do it my way"  
Time to find another job  
Bye, bye, Bob  
He went to New York City  
Had a lot of success  
Saw the Statue of Liberty  
Stuck his hand up her dress  
It's just his sensitive way  
Of saying, "Have a nice day"  
Time to find another job  
Bye, bye Bob
