

# A One Story Town

Tom Petty

I'm for standin' up, I'm breakin' free  
I'm don't want fate handed down to me  
Yeah I'm for movin' on, try another town

[Chorus:]

Oh, I'm lost in a one story town  
Where everything's close to the ground  
Yeah the same shit goes down  
Nothing turns around  
It's one story town

She was only seventeen  
But I held her to her word  
'Had to push her luck  
Thought she couldn't burn

No it didn't hurt me  
When she had to leave  
She had a far away feeling  
Wasn't part of me

[Chorus]
