

# A Self-Made Man

Tom Petty

Well if he don't wanna talk leave him alone  
If he don't wanna talk leave him alone  
He's a self-made man, he did it on his own

Now some folks say there's a dangerous side  
Some folks say he's got a dangerous side  
He's a self-made man, he knows about pride

So help me baby, look what love can do  
It scares me baby, does it scare you too?

So help me baby, look what love can do  
It scares me baby, does it scare you too?

Well some folks say it was a women he knew  
Some folks say it was a women he knew  
He's a self-made man, he knows how to lose

So help me baby, look what love can do  
It scares me baby, does it scare you too?
