

# All Or Nothin'

Tom Petty

Your daddy was a Sgt. Major  
You didn't wanna but he made you  
Wipe his brass from time to time  
It left a picture in your mind  
You know, you know

You want it all, you want it all  
All or nothin', you want it all

Here am I a fallen arrow  
My load is wide, my street is narrow  
My skin is thicker, my heart is tougher  
I don't mind workin', but I'm scared to suffer  
You know, you know

You want it all, you want it all  
All or nothin', you want it all or nothin'

Sweet chariots of L.A. swing low  
At twilight time the smog makes a rainbow  
So keep one eye on the weather  
You had it good, you wanted better  
You know, you know

You want it all, you want it all  
All or nothin', you want it all  
All or nothin', nothin'  
All or nothin', nothin'

You want it all, you want it all  
All or nothin', nothin', nothin'  
All or nothin'
