Somewhere out my doorway Somewhere down my block I can hear her heartbeat In rhythm with my clock

I want her more than diamonds I want her more than gold I want her more than anything Anyone could hold

We were built to last
On until forever
The world is changing fast
Oh, but our love was built to last

She has followed me down Along some empty streets She has followed me where The rain would fall in sheets

And I know I'd been changing Changing like the wind I was feeling burned out I got tired of it

We were built to last On until forever The world is changing fast Oh, but our love was built to last

Oh, oh

So come to me, my darlin'
Hold me while I sleep
I know you feel lost
But you're not in too deep

We were built to last
On until forever
The world is changing fast
Oh, but our love was built to last

We were built to last
On until forever
The world is changing fast
Oh, but our love was built to last
Yeah, our love was built to last
