

Down the Line

Tom Petty

She met this guy, she thought he was kinda good lookin?
Yeah, she met this guy, she thought he was funny sometimes
His mom and daddy had a little money tucked away
They were someday bound to come down the line, to come down the
line

He had a job but you could not call it working
She had Cuban boyfriend out of town
She'd do anything in the world not to hurt him on down the line
Imagine that, on down the line

Well, the old man caught her and he moved out last summer
Yeah, she was down for awhile but she came around with time
She met a guy at work, she thought was kinda good lookin?
Yeah, on down the line
