

Fooled Again (I Don't Like It)

Tom Petty

Strange voice on the telephone
Tellin' me I better leave you 'lone
Why won't somebody say what's goin' on
Oh, oh, I think I've been through this before

Looks like I've been fooled again
Looks like I'm the fool again
I don't like it, I don't like it

You never said you had no longer to
I need to know 'bout it if you do
If two is one, I might as well be three
It's good to see you think so much of me

Looks like I've been fooled again
Looks like I'm the fool again
I don't like it, I don't like it

Look out

You never said you had no longer to
I'll need to know 'bout it if you do
If two is one, I might as well be three
It's good to see you think so much of me

Looks like I've been fooled again
Looks like I'm the fool again
I don't like it, I don't like it
I don't like it, I don't like it

Look out

I don't like it, I don't like it
'Cause again you gotta look out
I don't, I don't like it
'Cause again you gotta look out
I don't like it
