

# Have Love Will Travel

Tom Petty

You never had a chance, did you, babe  
So good lookin', so insecure  
And now you say you can't remember  
When the line you drew began to blue

Yeah, when all of this is over  
Should I lose you in the smoke  
I want you to know you were the one

And may my love travel with you everywhere  
Baby, may my love travel with you always

Maggie's still trying to rope a tornado  
Joe's in the backyard trying to keep things simple  
And the lonely DJ's digging a ditch,  
Trying to keep the flames from the temple

Oh and if perhaps I lose you  
In the smoke down the road  
I want you to know you were the one

And may my love travel with you everywhere  
Yeah, may my love travel with you always

How about a cheer for all those bad girls  
And all those boys that play that rock 'n' roll  
They love it like you love Jesus  
It does the same thing to their souls

Yeah, when all of this is over  
Should I lose you in the smoke  
I want you to know you were the one

And may my love travel with you everywhere  
Yeah, may my love travel with you always  
Baby, may my love travel with you everywhere  
Yeah, may my love travel with you always
