

It's Rainin' Again

Tom Petty

Well it's rainin' again, rainin' again
Roll up your window, honey, it's rainin' again

It's dark in the sky, dark in the sky
Make me feel funny, honey, it's dark in the sky
Rainin' again

Well, it's rainin' again, rainin' again
Roll up your window, baby, it's rainin' again

It's dark in the sky, dark in the sky
Make me feel funny, honey, it's dark in the sky
