

## It's Rainin' Again

Tom Petty

Well it's rainin' again, rainin' again  
Roll up your window, honey, it's rainin' again

It's dark in the sky, dark in the sky  
Make me feel funny, honey, it's dark in the sky  
Rainin' again

Well, it's rainin' again, rainin' again  
Roll up your window, baby, it's rainin' again

It's dark in the sky, dark in the sky  
Make me feel funny, honey, it's dark in the sky
